

Construction

Structure	High from 6U to 21U Quick release side panels for easy access Removable cable entry panel in top and base Aesthetically pleasing framed safety glass front door Adjustable front and rear 19" mounting profiles
Exterior	Black (RAL 9004) (Option: Grey (RAL 7035))

Technical characteristics

Other characteristics	Steel thickness of 1,20mm 19" mounting angles thickness of 1,50mm Front door glass Thickness: 5mm Load carrying capacity: 60 kg Surface treatment: Phosphate Coating
------------------------------	--

Application

The 19" wall cabinets allow the correct installation of any company LAN (Local Area Network) cabling system. Applicable for network, telecommunications and electronic equipment installations. Made of 1.2mm thick steel with safety glass in the door. Designed with strength, ease of use and aesthetics in mind. Features such as quick opening door, easy to remove side panels, fully adjustable front and rear profiles and access to the interior from both the top and bottom. A full range of accessories is available to complete the installation of cables or equipment, from shelves to vents and power distribution units.
